Società Amici della Musica “Guido Michelli” di Ancona organizes an extraordinary training event: after a long period of inactivity in his teaching career, **cellist Mario Brunello** will hold a violoncello masterclass that has been created to give life to a new training experience. Music comprehension, knowledge and study will be linked to other activities that will involve the cultural peculiarities of the territory in the Municipality of San Ginesio and its surroundings, in the provinces of Macerata and Fermo in the Marche Region.

Lessons will deal with three main ideas: **Method to study**, **Form to give an interpretation** and **Nature to find inspiration**. It is a new original way to combine the discovery of the local territory - in terms of craftsmanship, art and nature - with music.

GENERAL INFORMATION

In 2018 **Società Amici della Musica “Guido Michelli”** - one of the oldest concert societies in Italy, created in 1914 - organized a cycle of concerts called “I suoni dei borghi” in some of the places struck by the earthquake in 2016, with **Mario Brunello**, one of the most prestigious cellists of our time. After this first contact with the territory, in collaboration with the Municipality of San Ginesio, the great violoncellist - who is also famous for his passion for music and the mountains - created an **original masterclass project** with new innovating features.

The project starts from San Ginesio - the Saint who inspired the name of this beautiful old village - who is the patron of musicians. The Saint has created a link between the village and music: San Ginesio is represented with a violin in his hands, both in 15th-century frescos and 16th-century paintings.

San Ginesio is situated in Monti Sibillini National Park, 700 metres above the sea level, in front of the majestic mountain chain, in a very strategic area rich of cultural and natural tourism activities that was severely struck by the earthquake of 2016. San Ginesio has received the Orange Flag as one of the *most beautiful villages of Italy*, with its suggestive overview on the Marche landscape and its monuments, which are a legacy of a glorious past, where the musical tradition has survived throughout time.

Participants will reach San Ginesio by car and will use their vehicles to take the trips included in the masterclass to discover the surrounding territory. One of the most important requisites is an **extra-musical interest for a 360° training experience**.

The municipal Ostello offers bedrooms with private bathroom that will be used as double rooms. Other areas of the village will be used during the week to study or play in public.

Guests travelling with the musicians must be declared and can be accommodated at “Ostello di San Ginesio”, which will be the venue for the lessons and the meeting point for the participants, on a first come, first served basis, with a fee of 10 €/day (accommodation), and the possibility of enjoying meals at agreed prices.
